

Label sheet with engineering units

7031

- For displays in the 5700 series
- 25 different units

Application

- Adhesive label with engineering units for displays in the 5700 series.

Technical characteristics

- High quality Autotex polyester (PET) film.
- Resistant to: Alcohols, dilute acids, dilute alkalis, esters, hydrocarbons, ketones and household cleaning agent.
- Each unit label measures 7 x 12 mm.
- Units: %, °C, °F, A, bar, l, l/h, l/min, l/s, kg/h, kg/m³/sup, m, m/min, m/s, m³/sup, m³/sup/h, mA, mbar, ml, rpm, s, t, t/h, V, Hz.
- Color: Black with white text.
